## HYDRO BAN®

LATICRETE continually strives to be the best tile and stone installation material supplier in the industry. Over the past several years we have introduced HYDRO BAN® Pre-Sloped Shower Pans and accessories plus a complete line of HYDRO BAN linear drains. We are excited to add to the HYDRO BAN family our newest product – HYDRO BAN® Board!

HYDRO BAN Board is a lightweight construction panel designed to be used in bonded tile or stone installations. It is made with a high-density, waterproof foam core and a reinforced, waterproof membrane on both sides. Available in a variety of thicknesses from ¼” to 2” (6 mm to 50 mm) the HYDRO BAN Board can be used as a substrate for tile and stone, as well as in many installations requiring dimensionally sound and stable substrates. Attaches to walls and floors using HYDRO BAN Board Screws, no tab washers required, tab washers are only required on ceilings.

LATICRETE can now provide all of our customers’ installation materials from the substrate up to the studs out. We are truly their single source supplier for a complete shower – everything but the tile. Only LATICRETE offers a one-stop supply of products covered by an available lifetime system warranty\*.

HYDRO BAN Board is available in the following dimensions:

Thickness	Width	Length	Sheets Per Pallet
1/4” (6 mm)	3’ (91 cm)	5’ (152 cm)	85
3/8” (9 mm)	3’ (91 cm)	5’ (152 cm)	80
1/2” (12.5 mm)	3’ (91 cm)	5’ (152 cm)	60
5/8” (16 mm)	3’ (91 cm)	5’ (152 cm)	50
1” (25 mm)	3’ (91 cm)	5’ (152 cm)	30
1 ½” (37.5 mm)	3’ (91 cm)	5’ (152 cm)	20
2” (50 mm)	3’ (91 cm)	5’ (152 cm)	15

To aid in the installation, the following accessories are offered:

Description	Box Count	Case Count
HYDRO BAN Board 1 5/8” (41 mm) screw	250/box	12 boxes / case
HYDRO BAN Board 2” (50 mm) screw	250/box	12 boxes / case
HYDRO BAN Board 3” (150 mm) screw	250/box	12 boxes / case
HYDRO BAN	1 & 5 gal. (3.8 and 19 L) pails	

### BENEFITS/FEATURES

- Lightweight easy to carry
- Waterproof and ready to tile
- Use as a fully adhered or spot bonded wall board
- Attaches to metal or wood framing using tab washer and screws
- Cuts cleanly with less mess; easy to install
- Adds additional insulation to the assembly
- Durable – exceptional flexural strength
